

Report of the General Direction of the JJIF. General Assembly in November 2014 PARIS

Dear Presidents, dear colleagues, dear friends,

The involvement as Director general, within our International Federation, desired by the President of the JJIF, allowed me to collaborate in the operation and governance of the JJIF.

Role and the main fields of intervention.

- Resource and Council for the President and the Executive Committee:
 - In the various fields organizational, structural, administrative, regulatory and law international du sport.
- Force proposal in the field of the development of structures, organizations, and the practice of Jujitsu for all of all aspects of is educational, technical and sports.
- Collaboration and or supervision, as part of the actions taken by the Vice-presidents, in charge of different departments and sectors of activity.
- Collaboration and or supervision of the actions taken by the technical directors and sport directors.
- Implementation and management of projects defined by the President and the Executive Committee. (Convention 2014 on African, in Tunis).
 - I thank Vicky CONTOU for his assistance and all the people that is completely invested in the preparation and conduct of the first International Convention of the JJIF.
- Audit and analysis of the various problems encountered in the field of the development of the structures, the number of countries, different facets of expression of Jujitsu practice, the number of practitioners engaged in sports activities and training.
- Suggestions, proposals, a plan of development actions.
- Direct involvement in the implementation and conduct of actions at the level of the African Union, for the benefit of Federations national members of the JJIF.
 - (The two Congos, Senegal, Angola, Morocco, Tunisia).
- Technical and pedagogical implications in addition to shares of representation and relationships politico sports at the level of our structures and institutional national policies of sport, education and others.
 - (Democratic Republic of the Congo, Congo Brazzaville, Mexico, Morocco, Tunisia, Greece)
- Proposal of an international ranks Committee of education and monitoring of requests for recognition and equivalence of grades.
- Determination and proposal and implementation of monitoring of recognition of degrees of black belts and dan by JJIF.
- Beginning of a analysis of different systems of education training for teachers, for coaches, for assistants and all of the actors involved in the governance and guidance of our various structures at all levels (Clubs, Federations, regional, national, continental and international).

This work will be a memory that I plan to submit to the institutional authorities of sport, training and education.

In this context, I will soon do appeal to your collaboration, contribution to facilitate the research work...

For 2015, I will soon present a draft plan concerted actions, which will be brought to your attention, with the agreement of the Executive Committee.

I am listening to all your suggestions, proposals in all areas to support this proposal for action plan.

The broad guidelines to be proposed in the Executive Office of the JJIF, by branch for 2015/2016:

- Continue actions to promote the development of the JJIF.
- Mobilization responsible of the continental Unions and national Federations
- Search for financial means to improve and increase our capacity for action.
 - Solicit governmental and sports Institutions.
 - Detection and canvassing of economic partners at all levels.
- What changes to the sports rules.
- Design and writing of a collection of official texts and documents (annual publication, scalable digital format).
 - To facilitate consultation of reference, knowledge and monitoring of the texts that govern all our operations and our organizations.
- Accompaniment of the 2016 project, changes in structures and governance, presented by the President on the occasion of the 2014 Convention in Tunis.

I would like to thank all of the players involved at different levels, for the management, administration, for coaching, teaching and development of Jujitsu. Thanks you to all friends of the Executive Committee for their cooperation at all times, their availability and their selfless commitment.

Each of you is a determinant of the development and success of the different actions of the JJIF for sport, education, culture, health, safety in summary the well-being of our citizens.

We need you all to build the future of Jujitsu.

9 November 2014

Eugène DOMAGATA
