Dear Dario and Robert,

the German Ju-Jitsu Association (Deutscher Ju-Jitsu Verband e.V.) will support the candidature of our Vicepresident Michael Korn as a boardmember of the JJEU for the interim period and the next legislative period. We the German Ju-Jitsu Association want to give our experience to support the international Ju-Jitsu Sports.

The Deutscher Ju-Jitsu Verband e.V. has more than 50.000 active members in almost 1.000 clubs. Our association is a member of the German Olympic Sports Confederation (DOSB), the National Olympic Sports Federation in Germany (IOC member). With our knowledge and experience in the different sport activities and sports policy areas we want to support the JJEU. Right now we have the chance to speak directly with Thomas Bach (IOC president from Germany) and to develop our sport from different directions. We are pleased that we have with Michael Korn an expert of Ju-Jitsu sports who knows our sport and the political work as well. On the other hand, he has also a lot of private professional experience to task the challenges as a member of the Board of JJEU (treasure). In its work, we will support him and the JJEU with our expertise.

Best regards
