Subject: Robert Perc, support for a candidature for the JJEU President

Dear Mr Frowyn!

With this letter we would like to attest our federation support to Mr Robert Perc for his candidature for the office of the President of the Ju-jitsu European Union.

Mr Perc, the President of the Ju-jitsu Federation of Slovenia, has been serving to ju-jitsu family for decades, among others as national, continental and world referee, as the General Secretary of our federation, as well the JJEU, and as the JJEU President/JJIF Vice-President in present time.

Activities were noticed also at a National Olympic Committee of Slovenia where he is a delegate of the General Assembly and furthermore at European Fair Play Movement (EFPM), where they have recognised his passion to Fair Play and tolerance by electing him to the Executive Board at the EFPM General Assembly on September 25, 2021.

We believe his experience in sport at local, national, and international level in general, and particularly in ju-jitsu, his knowledge and overall attitude will benefit ju-jitsu.

Mr Perc will continue to present the office of the JJEU President and JJEU family in decent and professional way and maintain his positive attitude to all individuals and entities in Europe and worldwide, so he has our strong and unconditional support.

Best regards,

pp. GP
